Market Closes Steady.

NEW YORK, Nov. 3.—An early decline of 90 to 105 points in the cotton market was followed by sharp recoveries. The market closed steady. Houses with Liverpool connections were prominent sellers. Liquidation occurred on the decline which carried the price of December off to 20.60 and March to 19.90.

After the close of Liverpool selling was less active and the market firmed up during the afternoon on the reported ending of the British coal strike.

DEMOCRATIC MAJORITIES CURTAILED IN TEXAS

By The Associated Press. DALLAS, Nov. 3.—Democratic majorities for the national and state tickets in Texas were curtailed in a measure for the first time in twenty-four years by the recording tonight of a republican success in the fourteenth congressional district. On the face of almost complete returns there, Harry M. Wurzbach, republican, has defeated the democratic candidate for re-election, Congressman Carlos Bee.

Reports from Washington county in south Texas indicate the American party probably showed its greatest strength there. The party's candidates for governor, congressman from the tenth district and the state legislature of the sixty-ninth district are far in the lead of their democratic and republican opponents.

In all other districts, democratic nominees are considered elected by the usual vote.

He asks me to say to you he has one ambition which is to wipe out the last vestige of sectionalism in America in thought, politics, our economic life in government."

THE CONSTABLE'S RACE IN DEPORT PRECINCT.

In the constable's race in the Depot precinct Tuesday Norman Whitsett defeated P. J. Ausmus by seven votes. Frank Murrell was the democratic nominee in the July primary, but after having been a candidate and receiving the nomination he declined to accept it before the election as he was tendered an appointment by John Brown as deputy sheriff, effective when he became sheriff. Messrs. Whitsett and Ausmus made the race as independent candidates.

SENATE ELECTION CHIEF CONCERN OF PRESIDENT-ELECT

Expresses Pleasure At Prospect Of Larger Republican Majority In Congress.

SELECTION OF CABINET SUBJECT OF SPECULATION

Many Congratulatory Messages Are Being Received By Successful Candidate.

By The Associated Press. MARION, Ohio, Nov. 3.—Warren G. Harding spent his first day as president-elect resting from the tension of election night and reviewing late returns with particular attention to the make-up of the sixty-seventh congress.

He expressed keen pleasure at the growing figures confirmed a republican gain in both senate and house, for he had told his friends that his greatest apprehension over the outcome had not been a fear of defeat for him, so much as a realization that as chief executive his hands might be tied by lack of working party majority in the legislative branches.

His interest through the last weeks of the campaign turned specifically to the senatorial situation and it was known in the inside circles of the party that it was to aid republican senatorial candidates more than for any other one cause, that he left his front porch and made a swing around the circle of the States where the present narrow senate majority was receiving the heaviest attacks.

Fondest Hopes Exceeded. As for his own fortunes, he said today, he never had been in doubt for a moment from the time of his nomination. He did voice surprise at the tremendous majorities piled up for him, however, declaring the result had overreached his fondest hopes. Mr. Harding was not inclined to regard the triumph as a personal one. As he told many of his audiences during the campaign, his feeling was that the decision would be made on issues, rather than candidates, and the league of nations and the record of Wilson administration at home were the determining factors.

The avalanche of congratulatory messages was received by the president-elect and Mrs. Harding, in increased proportions today, many prominent democrats being numbered among those who sent their good wishes. The defeated democratic nominee, Governor Cox, sent a brief telegram accepting the result, and the senator, in a still briefer message, thanked him. When Mr. Harding looked in at his office at the end of the afternoon no word had yet been received from President Wilson.

Cabinet Selection Gossip. Now that the political complexion of the next administration is known definitely, gossip about cabinet selections is reviving and enough names to fill a dozen cabinets are being mentioned in current rumors as likely timber for the official circle of President Harding. Both Mr. Harding and his close advisers have indicated, however, that all of these forecasts are purely speculative and that the question of choosing a cabinet is one yet to be taken up.

In this undercurrent of speculation which apparently is without sanction of authority, the names heard frequently as cabinet officials include those of Elihu Root, Philander C. Knox, Henry Cabot Lodge, Charles Evans Hughes, Herbert Hoover, Maj. General Leonard Wood, Governor Frank O. Lowden, former senator John Weeks, Harry M. Daugherty and many others. Besides cabinet officials, Mr. Harding will have an army of other Federal appointees to select—a fact which was brought to his realization with new force today as the petitions of office seekers began to pile into his office in full swing. His friends declare it is partially to avoid such annoyances during a period of rest that he will leave Saturday for his month's trip to Point Isabel, Texas, and the Panama Canal Zone.

Whether the president-elect and his party will sail for the canal zone, from New Orleans or some other port is a question yet to be determined, a previous plan to go by way of New Orleans having been reconsidered because of the time required by that routing. It is possible that one of the regular passenger steamers running south through the Gulf will be diverted to permit him to board it along the Texas coast.

Will Be Guarded. Mr. Harding parted formally with his privileges as a private citizen today with arrival of the advance guard of the secret service detail that will go with him everywhere until the end of his presidency. Joseph Murphy, assistant chief of the service and formerly in charge of the White House detail, came here to make the detailed arrangements and spend the day in consultation with James Sloan, another former White House chief, who left the service last June to accept a private post as Mr. Harding's personal bodyguard during the campaign.

In the exchange of telegrams today between Senator Harding and Governor Cox, no word was wasted on either side in reference to the fighting lines or the issues of the campaign. "In the spirit of America," telegraphed the governor, "I accept the decision of the majority. I tender as the defeated candidate my congratulations to the victor, and pledge as a citizen my support to the executive authority in whatever emergency might arise."

To which Senator Harding replied: "As the successful candidate I

THE POSTERS OF THE RED CROSS

The Red Cross roll call is now open and there will be asked for Lamar county 7500 memberships.

This will be aside from the donations, of course—to include only the memberships. The active solicitation of memberships will begin November 10, when the team captains will be ready to go. But in the meantime there are buttons and receipts at the office of The Morning News if you care to enroll now.

The work of the Red Cross is well known to you and there should be little solicitation needed.

HUNDRED PER CENT FAMILIES ENROLLED

Red Cross Membership Has Been Swelled By Addition Of Seventeen.

Four more "hundred per cent" families have enrolled with the Red Cross membership. Mrs. Lewis is most anxious that the "hundred per cent families" be listed as rapidly as possible in advance of the general list.

She also requests that those who are likely to be out of the city during the period of time in which the roll call is to be made up—that is, between north and November 12—send in their memberships so they will be sure to be on the rolls.

The four families which are added are: Mr. and Mrs. W. H. Atkinson and their son, Maelyn.

Mr. and Mrs. W. P. Duncan and their daughter, Fannie Laura.

Mr. and Mrs. H. C. McMurry and their two daughters, Gladys and Helen.

Mr. and Mrs. Harry T. Warner, their three daughters and son; and Mrs. Martha Warner, a three generation family.

It is the hope of Mrs. Lewis that every family of three or more in the city of Paris will subscribe to the membership.

The Lotus club, having twenty-four members, has subscribed for a hundred per cent of the membership and these will all be listed.

COALITION CANDIDATE IS LEADING IN CUBA

The funeral service was held at 2 o'clock yesterday afternoon, conducted by Rev. G. H. Brown. The burial was at the family graveyard on the farm.

Thank you for your message of congratulation and pledge of support." Congratulated By Taft. From former President William Howard Taft came this telegram: "I congratulate you and the nation of the world on your triumph and election by an unprecedented majority. I felicitate you and the country also on your having a good working majority of republicans in each house of congress."

"The dignity, courtesy, sense of responsibility and self-restraint with which you have carried yourself in the campaign, under the greatest provocation to a different course, must, in retrospect afford great satisfaction to yourself as they do to your supporters."

Charles Evans Hughes telegraphed: "My heartiest congratulations on your splendid victory."

Governor Calvin Coolidge of Massachusetts, the vice-president-elect, joined Mrs. Coolidge in a message to the senator and his wife congratulating them on the victory.

"Accept our congratulations on your efficient leadership and glorious victory," it said. "The result passes every expectation. We are sure that you will more than fulfill the confidence the American people have placed in you."

Among the prominent democrats who sent congratulatory messages were Thomas Tamm, of Indiana, a former national chairman, and Bernard L. Burch, of New York, and numerous democratic members of the senate.

CONGRATULATIONS TO PHIL BAER

Republican Chairman Given Warm Praise For Manner Of Handling Campaign.

Phil E. Baer, chairman of the State republican executive committee, whose home is in Paris, received congratulations yesterday from his local friends as well as by wire from political friends abroad, on the manner in which he had conducted the campaign in Texas.

Among those who congratulated him on the streets were scores of democrats who would rather that the result of the election had been otherwise than it was.

Due To Several Causes. When asked for an expression of his views as to the result, both nationally and in the State, Mr. Baer replied that there were several causes for the exceptional plurality in the presidential contest.

In the first place Harding was a strong man who appealed to the people. His sincere and honest purpose couldn't be doubted by anybody who has once talked with him or heard him make a speech.

His remark about feeling like offering prayer showed his bluntness and that he recognized the serious responsibilities that he had been called to assume.

Credit To Hays. Will Hays being at the head of the national committee, he said, was a great contribution to the success of the party. As an organizer he had no equal. He was a man whom everybody admired and whom everybody had confidence in.

He has always led a good, clean life, Mr. Baer said. He is a deacon in the Presbyterian church in his home town and superintendent of the Sunday school, and has always been a consistent prohibitionist and an advocate of woman suffrage.

For that reason, he said, the moral element and the women voters especially have implicit confidence in him. He doubted whether there were a half dozen republicans in the State who didn't genuinely love him.

Didn't Want League of Nations. Mr. Baer was of the opinion that one reason for the republican victory was that the people had made up their minds that they didn't want and would not have the league of nations.

Mr. Wilson has done a good many good things he said, and he thought his first administration was a very good one, considering that it was a democratic administration; but without speaking disrespectfully of him he thought his administrative manner and stubbornness during his second administration had a good deal to do with the people wanting a change and repudiating it.

The State Returns. The State returns were so meager, he said, he couldn't tell much about the result. He had received information during the day from Wurzbach headquarters in San Antonio that he had been elected to Congress from the 14th district, defeating Carlos Bee, the brother-in-law of Postmaster General Burleson.

Mr. Baer stated that he expected to have the pleasure of introducing to the people of Paris somewhat of a curiosity in the person of a republican congressman from Texas.

Wurzbach May Visit Paris. He said that while he was down in the southwestern part of the State during the campaign he met Mr. Wurzbach and made him and his wife promise that on their first trip to Washington after he was elected to congress they would stop off at Paris and pay him a visit.

Speaking of the black and tan republicans, Mr. Baer said that they didn't say a figure. About a half dozen white men who couldn't get anywhere in the regular republican organization, and who were being backed by E. H. R. Green were arousing sentiment among the negroes, but he believed that like all mushroom political jump-ups, this would be the last heard of it.

SYLVIA PANKHURST IS RELEASED FROM PRISON

LONDON, Nov. 3.—Sylvia Pankhurst, who was sentenced to six-months imprisonment October 28 on being adjudged guilty of attempting to cause sedition in the navy, was released today on \$2,000 bail pending an appeal. NO CONGRATULATIONS FROM THE PRESIDENT

Wilson Had No Comment to Make Upon Result of Election but Sent No Message to Senator Harding.

By The Associated Press. WASHINGTON, Nov. 3.—President Wilson had no comment to make today on the result of Tuesday's election nor did he send any message of congratulation to President-elect Harding.

During the afternoon the president and Mrs. Wilson took their daily automobile ride. Mr. Wilson received no callers during the day and the only visitors at the White House executive offices were Henry Morgenthau, former ambassador to Turkey, and Norman E. Hapgood, former minister to Denmark.

Colby to Cox. Bainbridge Colby, Secretary of State, was the only member of the cabinet to make any formal comment on the outcome of the election, but Secretary Wilson, of the labor department, sent a message to Governor Cox in which he declared that "truth crushed to the earth shall rise again."

Mr. Colby said he was "disappointed and depressed" but that he could not but feel a confidence "that in some way, and by some avenue not at the moment disclosed, this country will act up to the highest concept of duty."

Two Steps To Peace. To leave the whole question of peace with Germany and the league to the new administration which takes office March 4, or to re-submit the treaty to the senate at the session beginning early in December.

Unless the treaty is re-submitted to the senate that body at its forthcoming session could act on the question of peace with Germany only by resolution. Such a measure was adopted at the last session but was vetoed by President Wilson.

CHAMP CLARK HAS BEEN DEFEATED

Veteran Democrat Lost To His Republican Opponent By Large Majority.

By The Associated Press. ST. LOUIS, Nov. 3.—Champ Clark of Bowling Green, Mo., veteran of the house of representatives, to which he has been elected more times than the average voter can remember, tonight surrendered his post of honor to T. W. Hukriede, of Warrenton, Mo., the young republican candidate in yesterday's election for representative in congress from the ninth Missouri district.

Facing a handicap of 5,000 votes with five-sixths of the precincts in his district—including the democratic stronghold—the former democratic leader sent a telegram to Hukriede congratulating the republican on his victory.

Republicans Swept Clean. Two hundred and twenty of the two hundred and sixty-eight precincts, including four complete counties, had given Hukriede a vote of 30,421 to Clark's 25,879 before the backers of the incumbent admitted that he had fought a losing battle.

Even then Mr. Clark refused to talk to newspaper reporters. He remained in his home most of the day, confident of victory, while the returns from republican counties piled up leads for his opponent. As county after county which ordinarily chose Mr. Clark as its representative in the nation's government sent in reports which showed he was polling a smaller vote than ever before, it became apparent that his hope lay in his home district—Pike county. Pike gave Mr. Clark one of his best votes in history—3,165 to 2,581 for Hukriede, but it was not enough.

A Veteran. Not until his friends came to him with virtually complete returns and assurances of defeat did the Clark household believe it would be defeated.

Mr. Clark was elected to the house in 1892. In 1895 he was not chosen but in 1897 he again was the choice of his district and has represented it ever since.

In 1912 he was considered the favorite for the democratic nomination for president but lost to Woodrow Wilson after a long fight primarily through a break with William Jennings Bryan.

In 1916 Mr. Clark had a close call in the election, his opponent having apparently been elected, only to lose the lead in the complete returns.

Most of the precincts which have not yet reported gave Mr. Clark an even break in 1916 while a few gave him a bare majority.

TELLS WHY MAYOR'S BODY WAS SENT DIRECT TO CORK

By The Associated Press. LONDON, Nov. 3.—Sir Harwar Greenwood, chief secretary for Ireland, in explaining to the House of Commons today why the body of the late Lord Mayor MacSwiney of Cork had been diverted from Dublin and sent direct to Cork, said the government, late on the day of the departure of the body from London had decided to obviate the chance of a demonstration in Dublin. This decision was reached, he declared, owing to reports from Dublin that a funeral there would be likely to result in the loss of innocent lives.

METHODISTS PURCHASED KIDD-KEY PROPERTY

SHERMAN, Nov. 3.—The purchase of Kidd-Key College property by the Southern Methodist church gives the entire ownership of this educational institution to the church. The North Texas Conference, which was in session at McKinney last week ratified the purchase of the additional property.

The Sherman Chamber of Commerce has agreed to raise \$1 for every \$6 paid in by the church toward the support of the college.

REPUBLICAN VOTE IS INCREASED BY BELATED RETURNS

Huge Majorities Assure Harding And Coolidge Of 346 Electoral Votes.

REPUBLICAN MAJORITY IN CONGRESS MUCH LARGER

Defeat Of Champ Clark, Veteran Missouri House Member, Is Election Surprise.

By The Associated Press. NEW YORK, Nov. 3.—The crest of the republican election wave, both presidential and congressional, continued rising tonight as belated returns filtered in.

Among new democratic casualties were defeats of Champ Clark of Missouri, former speaker and present democratic leader in the house; election of a republican congressman from Texas; re-election of a republican senator from Missouri and a sudden jump of Senator Harding into the lead in Oklahoma. Another border State, Tennessee, hung by a narrow margin, but with the democrats leading.

A republican senate majority of about ten, as compared with but two at present, and house majority of around 100, as against forty odd, were other forerunners of the overwhelming majorities.

With but eight States still in the doubtful list in presidential and senatorial contests, the huge majorities assured Senator Harding and Governor Coolidge of a narrow margin, but with the democrats leading.

Democratic margins in New Mexico and 20 in Texas were reported.

Many Close Contests. Among republican senators elected in hard contests were Lenroot of Wisconsin, who was opposed vigorously by Senator LaFollette; Spencer, of Missouri, who defeated Breckinridge Long, former assistant secretary of State; Jones, of Washington, senate commission chairman; Chairman Phelan, democrat, California, was defeated by Samuel M. Shortridge, republican; and Senator Smith, democrat, Maryland, who won by a narrow margin over Senator Reed, republican. Senator Nugent, democrat Idaho was defeated by former Governor Gooding.

Parley P. Christensen of the farmer-labor party issued a statement declaring the election spelled "elimination of the democratic party."

He predicted a route of the republicans by his organization in 1924. "With majorities piling up in what democratic leaders said was a "solemn referendum" upon the league of nations, President Wilson withheld any comment. Bainbridge Colby, secretary of state, expressed disappointment. Senator Johnson of California, league "irreconcilable," stated that the election meant the "end of the league" and another, Senator Reed, democrat, Missouri, declared that the fight upon the league issue was a "tragic mistake," and had split the democratic party.

Champ Clark Defeated. Defeat of former speaker Clark was one of the election surprises. He had served continuously since 1897 as one of the democratic stalwarts and received a majority of votes for the presidential nomination at Baltimore when President Wilson was chosen.

He probably will be succeeded as minority leader by Representative Kitchen, democrat, North Carolina. Representative Clark's victor was T. W. Hukriede, who has acted in the Missouri republican organization.

The republican victory in the solid democratic congressional delegation from Texas through the defeat of representative Bee of San Antonio, relative of Postmaster General Burleson, another democratic veteran. Representative John W. Rainey of Illinois, also went down to defeat.

Socialist Wins. The prohibition party will be without formal representation in the next congress. Representative Randall of California, lone prohibition member, having been defeated. The socialists, however, again will have a member, Meyer London, socialist, New York. He won over Representative Goldfogle, democrat who defeated him two years ago. Former representative Victor Berger, Milwaukee, socialist, was defeated by Representative Stafford, republican.

Representative Mondell of Wyoming house republican leader, was re-elected, according to late returns tonight, and probably will continue his position.

With republican candidates leading in several States, the republicans were certain of a gain of four senators, from California, Idaho, Maryland and South Dakota.

In the house, the republicans had scored a net gain of more than thirty. Among their gains were the following: Massachusetts 3; Illinois, 2; Maryland 2; Massachusetts 2; New Jersey 1; New York 6; Ohio 6; Pennsylvania 5; and 20 in Utah. The democrats gained three seats in New York from the republicans.

Al Smith Defeated. Another democratic casualty was the election of Nathaniel Miller, republican, to succeed Governor "Al" Smith of New York who ran far ahead of the Cox-Roosevelt vote in the Empire State.

In the presidential race the returns showed that the Cox-Roosevelt ticket had lost at least nine States which President Wilson carried four years ago—California, Colorado, Idaho, Kansas, Maryland, New Hampshire, Ohio, Utah and Washington.

Twenty-nine States, regarded from the wealth of republican majorities, as assured for the republican presidential ticket were: California, Colorado, Connecticut, Delaware, Idaho, Illinois, Iowa, Kansas, Maine, Maryland, Massachusetts, Michigan, Minnesota, Nebraska, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Washington, West Virginia, Wisconsin, and Wyoming.

In the Cox column are: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, Nevada, North Carolina, North Dakota, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Virginia, and Wyoming.

ACREAGE WILL BE CUT LITTLE BIT

But Not As An Organized Effort In One Farmer's Opinion.

L. J. Maggard, a well known river farmer who lives below Arthur City, said that he didn't think that the movement to reduce the acreage of cotton next year would amount to anything as an organized effort, but at the same time he was satisfied that the acreage would be reduced considerably without asking people to pledge themselves. The reason the farmers would cut the acreage next year, he said, was because they would not be able to get the labor to make the crops and rather than that the European countries were on the verge of bankruptcy and were unable to buy cotton there wouldn't be any sense in raising an enormous surplus crop.

Sold Neighbors Corn.

Justice of the Peace H. S. Allgood of Milton said that he believed it would be a good idea to reduce the acreage. He carried his idea into practice without waiting for this year's experience to teach him the bitter lesson that is now being experienced. He didn't raise a stalk of cotton this year, but said he had a crib full of corn and oats and hay. He has sold a hundred bushels of corn to his neighbors and some oats and hay. The farmers who bought corn from him went into the field and helped him to gather it.

B. D. King, living near Atlas, said that cutting the acreage would be all right and he expected to reduce the acreage on his place. His neighbors were talking pretty strong about reducing. Some of them would reduce

and some wouldn't. That was the way they did all the time. They said every year that they were going to reduce. They ought to raise corn, potatoes and oats and something to live on, and to raise hogs. Country people had no excuse for living out of cans and paper sacks. Instead of coming to town to buy something to eat they ought to bring something to sell.

Won't Give Up Cotton.

W. L. Wright, who lives in Paris but has a large farm in the Broadway community, said the acreage ought to be reduced, but that he didn't believe it would be. The tenants will say that they are going to do it, but they will mess around and when the time comes to plant they will plant it all in cotton and claim that the landlord wouldn't let them plant it in corn. If they get behind working their crop and let any of the land lie out it is always the corn they abandon to the weeds and work the cotton. He had some tenants who agreed to sow oats this year, but never did it. All the oats that he got sown on the place he had to go down and sow them himself.

G. D. Nixon, who has a farm near Maxey, said that he was in favor of reducing the acreage, but that he didn't believe that the farmers generally could be induced to cut the crop. They would all say that they were going to reduce, but when one man saw another reducing he will plant more to get the expected better price from reducing.

Their Case Is Hopeless.

W. R. Douglas of Arthur City, who

is interested extensively in farming on the river, expressed himself emphatically as a Doubting Thomas in regard to the promise by farmers to reduce acreage. He said they always said they were going to reduce, but that they never had reduced and that they never would reduce. He declared that he never entered out of a hundred knots how to raise corn. The landlord would let them plant all they wanted, and in the fall they would bring him up a load or two of rubbins and tell him that was his rent on fifty acres. That was what a tenant did to him who planted seventy acres. If a farmer would plant corn right and work it right there was more money in it than in cotton.

R. L. Hulet, farming north of Petty, said that the sentiment in his community was in favor of materially cutting the acreage. They can't gather what they have in the field this year, and if they could gather it they can't get anything for it. Some of the farmers around him are sowing wheat and others are going to sow.

Why Are Skin Diseases So Difficult to Overcome?

When your skin breaks out with itching eruptions, tetter, rash, eczema, psoriasis, or other terrifying disorders, temporary relief will do you but little good, for soon all the itching and irritation breaks out afresh with renewed fury, and you soon realize that local remedies such as ointments, salves and similar treatment will never rid you of your trouble.

These troubles originate in the blood, and if you expect real sub-

stantial relief you must treat them through the blood. The best remedy for this purpose is S.S.S., the fine old blood remedy that purifies the blood of disease germs, and thus restores the skin to a normal and healthy condition.

THE TUBERCULARS OF SERVICE MEN

American Legion Is Making Effort
To Construct Sanatorium
For Them.

"The high mission of the Department of Texas, American Legion is to bend every effort in order that the people may know of the big issue which confronts us today as to whether we shall make any provision for those boys who took up our battle in France and who, since their return, have fallen prey to the white plague."

This is the statement made last night by Charles W. Scruggs, State Adjutant of the American Legion, who declares that the Legionnaires are sure that the whole State will respond to the appeal for these stricken comrades if they knew of the seriousness of their condition. Continuing, State Adjutant Scruggs said:

"The war is almost forgotten. The glorious deeds which characterized the service rendered to our country and to the cause of the Allies by Texas soldiers seem so far back, as to have taken on something of the unreal, Texas Neglectful."

"Forgotten by their friends, remembered only by their immediate family, our heroic dead stand alone, tragic figures indeed."

Some States have erected monuments and memorial buildings to stand tribute to the glorious service performed by their defenders of the Great War. Most states have some provision to care for those who have returned suffering from illness contracted during their service.

Thus far Texas, the greatest of the States and one of the most generous, has failed to pay any acknowledgment of the debt which it owes not only to those who gave their all for their country, but also to those who, though willing to make supreme sacrifices if necessary, have come back home to again resume their former places in the scheme of things about us.

Care For Tuberculars.

"The Department of Texas, American Legion, is carrying on a campaign to acquaint the good people of the State of the intrinsic need, of the vital need, for the completion of the tubercular hospital at Kerrville, where those returned ex-service men who are suffering from tuberculosis may receive skilled treatment in an institution built to care for their needs. It is the mission of the American Legion in this drive to merely call the attention of the people to the grave issue which confronts us and to rest their case there."

Campaign of Education.

"This campaign is not one to merely

raise money. It is essentially a campaign of education, a drive to bring the hard, stark facts home to the people. The American Legion has taken it up merely to discharge its full measure of devotion to the cause of our buddies who fought and died in France, and those who have come back weakened in body and a ready prey for the white plague.

The people are to judge for themselves what their answer will be on this issue. By getting behind this drive and subscribing the necessary \$350,000 with which to complete the sanatorium we will help to pay in a small way for the inestimable service rendered by our defenders. This opportunity should not be shirked; indeed to do so, would be just as culpable, just as traitorous as to have turned our backs on those who fought by our side overseas."

MEDICATED SMOKE DRIVES OUT CATARRH

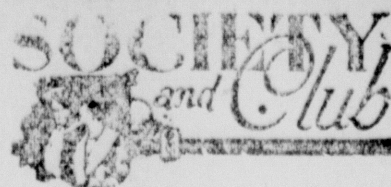

Pleasant and Easy to Use.

Dr. Blosser is the originator of a certain combination of medicinal herbs, flowers and berries to be smoked in a pipe or ready prepared cigarette which is meeting with unusual success in catarrhal troubles. The smoke-vapor reaches all the air passages of the head, nose and throat. As the disease is carried into these passages with the air you breathe, so the antiseptic, healing vapor of this remedy is carried with the breath directly to the affected parts.

This simple, practical method applies the medicine where sprays, douches, ointments, etc., cannot possibly go. Its effect is soothing and healing, and is entirely harmless, containing no cubes, tobacco, or habit-forming drugs. It is pleasant to use, and not sickening to those who have never smoked. If you are a sufferer from catarrh, asthma, catarrhal deafness, or subject to frequent colds, you should try this remedy without delay. Any well-stocked drug store can supply Dr. Blosser's Remedy in cigarette or powder for smoking in a pipe, or will order it for you. Satisfactory results guaranteed by a genuine money-back offer.

A trial package will be mailed post-paid to any sufferer for ten cents (coin or stamps) by the Blosser Co., DE 28, Atlanta, Ga., to prove its delightful and remarkable effectiveness.—(Adv.)

A Good Cough Medicine for Children.
Mrs. J. W. Phillips, of Redon, Ga., phoned to J. M. Floyd, the merchant here for a bottle of Chamberlain's Cough Remedy, and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectation easy and soon frees the system from the cold.

Gratifying Success of Campaign.
The success of the campaign for the school amendment is indeed a victory for the educational administration, and a great step for better conditions.

The efforts of Mrs. C. H. Noyes, chairman of Lamar county, were invaluable, and her zeal in the campaign unexcelled. She received much timely assistance from the teachers of the county, and officials connected with the educational work, as well as from private citizens interested in the movement. The result of the vote is due to the interest and aid of these combined forces.

For Miss House.

In honor of Miss Aline House, the bride-elect, the Young Ladies' Band of the Central Presbyterian church entertained with a miscellaneous shower at Mrs. H. G. Armstrong's home on South 22nd street, Tuesday afternoon.

Pink and white carnations and ferns were used for decoration, and gave a very pretty effect.

As Miss House entered, Miss Margaret High played the opening strains of the wedding march. The gifts, in a toy auto, decorated in pink and white, were presented by small Miss Olivia Hunter dressed as a bride.

After the cutting of a sham cake filled with small gifts, pink and white cream and cake were served.

PERSONAL.

Mrs. Josef H. Noyes of Dallas will arrive at noon today to be one of the honorees at the Provine-Dickson bridge party this afternoon. She will be the guest of Mr. and Mrs. C. H. Noyes during the remainder of the week, and Mr. Noyes will join her for the week-end.

Mr. and Mrs. Robert England will arrive Saturday from Arpaud, Canada, to spend the winter here.

MR. HARDING says that he feels like praying for strength with which to play his part during these coming four years. With the reactionary program of the republicans there are a lot of people who are going to pray for strength before the end of his term.

JACK CULBERTSON was the best possible selection the republicans of Texas could have made for their candidate; and when he failed to do any better than he did it may be accepted as a conclusion that the people of Texas are going to remain within the democratic fold for a time.

THE GRAVEST DANGER to the democracy of Texas lies in the non-partisan league adherents—who work within the party to divide it and who openly avow that they will switch to any other party at any time they see fit in order to accomplish their aims.

THEY SHOULD BE EXPELLED from the party and given the blotched brand of the maverick, which they have themselves adopted as their trade mark. The party shall benefit greatly in many ways from a violent purgative to rid it of these indigestible elements—these political pirates who seek to harter their votes for the substantial control of the treasuries of the counties and the State.

TEXAS HAS DECISIVELY given the frost-kiss to Mr. Ferguson and his ilk. That doesn't mean that Ferguson is finished with Texas politics; for he has found it profitable and as long as he finds anything profitable he is going to stick to it. Ferguson has designs and plans which will not be seriously interfered with by this further defeat; and as, in all probability, he has benefited financially from the campaign just concluded he will be scheming for the next.

WE OF TEXAS have a strong delegation in the next congress; and the fact that Wurtzburg is to succeed Carlos Bee is merely a matter of having a republican for a couple of years. That district has had a republican before and managed to

survive despite the fact that Noonan did not increase the price of wool or make more profitable the goat and mohair industry.

MR. BEE probably suffered from the effects of the campaign of two years since when he was elected largely through the telegram from President Wilson, who was inspired by Albert Burleson, brother in law of Bee; and when Slayden was retired despite his distinguished services of fourteen years to the county and to his district.

THE SUCCESS of the school amendment will be hailed with delight by all those who favor better schools. But the teachers have made so strong a campaign for it because they believe that it means larger salaries for them that it may prove disappointing in some districts as a means toward really better schools.

THE CLAIM has been made that larger salaries for teachers will attract those who are more competent than some of those now endeavoring to educate our children; and it has been naively confessed in much of the publicity matter used by the teachers that many of them are not competent. This statement upon their own confession.

THE TEACHER is the largest part of the school. With a competent teacher the building or the equipment amounts to little. With the fully equipped teacher who can get results there is bound to be value to the children; with a teacher, no matter how many degrees may be tacked onto the name, who is not capable of getting results a million dollar equipment would be of no mental assistance to the pupils.

THE COUNTY ENGINEER is not optimistic as to getting any real work done on improving the roads this winter—that is, work which will count. The weather is now a reason why the work may not proceed. When the contract was entered into some months since it was known that at this time of the year the weather is generally bad; and that fact should have been reason for getting something done during the summer on the slabs through the bottoms.

THESE BOTTOMS are the key to the situation. The slabs may be benefited by the settling which they will get from the rains; and they will not be used very much for the reason that travel will not be possible because of the impassable condition of the bottoms.

THE CONTRACTORS have agreed to do certain things, their price was agreed to and it was a very good one, considering the recent drop in the cost of material and labor; so there is no reason why the work should not be pushed between spells of bad weather.

ROAD MATERIAL FROM SOUTH AMERICA AS BALLAST. Austin, Texas, Nov. 3.—Construction

tion of highways in Texas of rock brought all the way from South America, is more than a possibility. As an evidence of this fact there is now being tested in the Bureau of Economic Geology and Technology of the University of Texas, under the direction of G. A. Parkinson, testing engineer, a shipment of rock that was recently unloaded at Orange from a steamship which took the material on as ballast at some port in Brazil. It is stated that if this rock should be found suitable for road building it will be used for that purpose in Orange county. It may be obtained at nominal cost as it is brought in as ballast and must be discarded when an out-going cargo is taken on.

MOVEMENT TO REDUCE 1921 COTTON CROP IS SUCCESS

Satisfactory progress is being made in the state-wide movement to reduce the 1921 cotton acreage one-third, according to Francis V. D. Has of the Texas division of the American Cotton Association, who is in Paris to see the bankers, merchants and farmers. Many replies are being received from Texas bankers, who have sent pledges, promising to do all in their power to reduce the acreage and encourage the holding of cotton until prices improve.

A number of bankers in the State have announced that they will call meetings of men interested in the cotton business and for the purpose of appointing county chairmen to have charge of the local campaign. The bankers are also using their influence in the movement with their patrons.

Plans have been made for calling a special meeting of all men interested in the cotton situation in Dallas, probably within the next two weeks, for the purpose of considering legislation in behalf of bonded warehouses in the state.

WILSON AND COX BLAMED FOR DEFEAT BY BRYAN.

BEE CONCEDES DEFEAT IN FOURTEENTH DISTRICT

SAN ANTONIO, Nov. 3.—Late this afternoon Congressman Carlos Bee conceded his defeat as representative from the fourteenth district by Harry M. Wurtzbach of Seguin, republican nominee. Only eight of the 49 voting boxes in San Antonio are yet to be heard from.

Mr. Bee will leave tonight for Washington, he announced. Returns from the eleven counties in this district early tonight indicate that Mr. Wurtzbach's majority over Mr. Bee will be nearly 4,000. The returns tonight with a few scattering boxes to be heard from give the republican candidate a majority of 3,758 votes with ten boxes in Bexar county yet to be heard from and an equal number in Guadalupe, empty, home of Mr. Wurtzbach.

Mr. Wurtzbach is the only republican elected to congress from Texas. He is the first republican to represent a Texas district in the national body since 1896. While the district, on several occasions has shown a decided leaning toward the republican cause, not in 28 years has the party pushed the candidacy of a republican in as intensive a campaign as that waged by Mr. Wurtzbach and his friends.

MINISTERS REQUESTED TO MAKE ANNOUNCEMENT

The ministers of the city are requested to make announcement at their services Sunday evening concerning the Red Cross film at the Grand theater Sunday evening at 8:45. This hour was fixed so that those attending the services could afterward see the film, which is one of the finest circulated by the Red Cross.

It is particularly calculated to interest those who have an interest in the foreign missionary service.

Only a Cold. Are you ill? It is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger and this remedy will help you to throw it off.

Little Stories For Bedtime

The Exciting Hunt for Bobby Coon.

By THORNTON W. BURGESS.

When Happy Jack Squirrel asked the Merry Little Breezes of Old Mother West Wind to hurry over to the middle of the cornfield and warn Bobby Coon that Farmer Brown and Farmer Brown's boy had found his tracks and were looking for him the Merry Little Breezes had rushed away in great excitement. All that Happy Jack could tell them was that Bobby Coon was somewhere in the middle of the cornfield, just where Happy Jack didn't know. They would have to find him themselves.

Now the way that the Merry Little Breezes tell the little meadow and forest people that danger is near is by carrying every little sound to the sharp little ears of whoever they are trying to warn, or by carrying the smell of the danger to the keen little nose of the one who is in danger. So now they hurried over to Farmer Brown and Farmer Brown's boy to get the smell of them and then hunt among the brown corn stalks for Bobby Coon. There wasn't any sound for them to carry, for Farmer Brown and Farmer Brown's boy were not making the least bit of a noise as they followed Bobby Coon's tracks.

Just as soon as the Merry Little Breezes got that man smell they rushed straight ahead with it, but not knowing just where Bobby Coon was they started in the wrong direction. Farmer Brown smiled for you see he knows all about the Merry Little Breezes and he knew then just what they were trying to do, so he kept right on following Bobby Coon's tracks. When the Merry Little Breezes failed to find Bobby they rushed back to start again in another direction. This time they started in the same direction that Bobby's tracks pointed, but Farmer Brown was watching out sharp and the instant they started he and his boy went off to one side and started to work toward the middle of the cornfield from that point.

Now such a very faint smell as a man smell is one of the hardest things in the world to carry and the only way in which the Merry Little Breezes can carry it is by working all together and continually passing

it along from one to another. Of course, when Farmer Brown and Farmer Brown's boy moved off to one side the nearest Little Breeze lost the smell and couldn't pass it along. So back they all had to come, and start over, and this time they went in the wrong direction again, and once more Farmer Brown smiled as he and his boy very, very carefully approached one brown corn stalk after another, all the time watching out for Bobby Coon. The Merry Little Breezes grew so excited that they separated and scattered in all directions hunting for Bobby Coon, and

Happy Jack Squirrel Watching From the Fence Post, Gray So Excited That He Couldn't Keep Still.

then of course they couldn't carry the smell at all. Happy Jack Squirrel, watching from the fence post where he had first called to the Merry Little Breezes, couldn't keep still. "Who could find Bobby Coon first? He could see Farmer Brown and Farmer Brown's boy getting nearer and nearer to the middle of the cornfield and his heart almost stopped beating as he thought of what might happen to Bobby Coon if they should find him. It was dreadful to sit there and not be able to do anything at all to warn Bobby! "Oh, dear! Oh, dear! They'll surely get him!" wailed Happy Jack.

WALL STREET CALM

AFTER ELECTION

New York, Nov. 3.—Any doubt that Wall Street and the financial community as a whole had fully forecast the results of the presidential election was dispelled by the seemingly indifferent course of today's stock market.

Instead of the frenzied trading and wild fluctuations that attended the outcome of the other national campaigns of the past two decades and the McKinley boom of 1896, dealings were comparatively light and changes all save a few issues were relatively unimportant.

The outstanding features of the session was extensive trading in Southern Pacific at a net gain of nine points, due directly to Monday's announcement that the directors are to formulate a plan to segregate the company's oil properties with resultant material advantage to the shareholders.

Associated Oil, which is to form the basis of this plan of separation, registered a substantial advance at the outset, but this was largely cancelled later and other issues of the same variety, Royal Dutch excepted, were inclined to react.

The general list, especially steels, shippings, motors, textiles, papers, tobaccos, and leathers, continued to be governed by the tone of the money market, as well as by industrial conditions in which backward tendencies were again predominant.

Sales amounted to 900,000 shares. Call money ruled throughout at nine per cent and foreign exchange noted a few noteworthy changes at important centers. Southern Pacific convertible 5's at a gain of almost 10 points featured the strong bond market with Liberty issues. Total sales par value \$17,450,000. Old U. S. bonds were unchanged on call.

New Orleans Cotton
NEW ORLEANS, Nov. 3.—Nervous price changes featured the trading in cotton today and fluctuations carried the market both above and below the level of last week's close. Attention of the trade was again focused on the British labor situation, reports that coal miners were voting against ratification of the recent strike settlement causing the main depression. Prices came back to new high levels for the session following rumors late in the day that the voting was taking a more favorable turn.

Last prices were at net gains of 4 to 32 points.

December dropped from 26.60 to 19.75 in a series of breaks, the list standing at the lowest levels 13 to 62 points under prices of last week. In the late trading the market advanced suddenly to new high levels for the day on Monday beyond December.

Chicago Grain

CHICAGO, Nov. 3.—Estimates that the supply of coarse grain is 23 per cent higher than last year with farm animals three per cent less numerous did a good deal today to lower the price of all cereals. Wheat closed unsettled at 2 1/2c to 3 1/2c net decline, corn off 1 1/2c to 2 1/2c, and oats down 5/8c to 3/4c. In provisions the outcome varied from a setback to 5c to the advance.

Hears estimates the production of feedstuffs had been greatly excessive, and that in view of down turns for other commodities no reason was apparent why wheat should be on a pedestal by itself. Hints urged on the other hand that this country is now on a domestic basis regarding wheat, even including the amount which may yet be received from Canada, and that holding by farmers in Oklahoma, Kansas and Nebraska was certain to affect values.

Reported super-abundance of feeding grain led to a sharp break in the corn market. One authority figured the 1920 yield at 51,000,000 bushels more than the government's total last month.

Cats sympathized with the weakness of corn.

Provisions averaged lower chiefly as a result of grain.

WOLF CUBS ARE TO BE WITH SCOUTS

They Will Participate In The Ceremonies Of Armistice Day.

Cub Pack No. 1 was divided between Packs 2 and 3 and the Cub in Pack 1 will hereafter be counted as members of Packs 2 and 3. Pack 3 has been unable to meet regularly because their meeting time has to come directly at the busiest time of their leaders. T. W. Russell and Leon Anderson. It was therefore thought best to divide the pack between H. E. Robertson's and Ed Norment's packs.

The Cub in Paris have thus far been very successful. The number has practically doubled since the first organization in August and is increasing daily. The two packs now number over eighty members and it is proposed to organize a third pack and possibly a fourth between now and Christmas. In fact to organize enough packs to take care of the rapidly and steadily growing movement. The Cub age is from 8 to 12 years.

Appreciation for Members of Cast
The Woman's Auxiliary of the Church of the Holy Cross feels especially indebted toward the members of the cast of "The Gift of Self," so successfully presented Sunday evening at the Parish house. It is intended to give the "Gift of Self" again in January with this same cast:

In Australia, whence he came, they call him "mountain devil" though he and his family live on a hot, dry plain. The strange thing about him is that he never drinks.

The Lydia Bible Club will meet Friday afternoon at the home of Mrs. D. H. Scott on South Main Street, with Mrs. John Stone as questioner.

A round table talk on "Offerings to the Lord" will be led by Mrs. Tom Snell.

His family have dwelt so long in their arid land that nature has enabled them to absorb dew through their pores. Some of the newspaper men aboard the Renown expressed the fear that when Horace encountered a London fog he would absorb so much moisture that he would drown.

Other components of the royal menagerie were about 500 canary birds, an equal number of parrots, four laughing jackasses and a small kangaroo. Most of them were destined to become residents of the London Zoological Gardens.

A Plain Statement of Facts

The lumber market, both wholesale and retail, reached its highest point in 1919-20. Along with other commodities, lumber has decreased in price. This does not mean that the retail price has decreased, but the fact that the wholesale lumber market is showing a decrease, means that the retailer will be forced to sell at a loss.

We Are Willing to Take a Loss

And from now on all our present stock of lumber will be sold at prices that are based on the present wholesale market price. At present quotations this means a practically

50 Per Cent Reduction

We are willing to cheerfully pocket our loss on our present stock, the majority of which was bought at a time when lumber was at its highest point, or nearly so.

It means a big loss, but we are willing to take it. We believe that the present wholesale market is at its lowest point, and have the word of the highest authorities to that effect. Should the market go up, our prices must of necessity go up with the market.

The Time to Buy Lumber is NOW

Therefore it is our opinion, honestly given, that the best time to buy lumber is NOW. The present quotations mean that you get a reduction that will mean 50 per cent less than at the highest point. We would like to talk the subject of lumber and other building material over with you.

BIRMINGHAM, Nov. 3.—While the democratic ticket has apparently won in all sections of Alabama, except Chilton county where a slight majority is indicated for the republicans, C. B. Kenamer, republican opponent of Representative C. B. Rainey, of the seventh re-elected by 150 majority issued a statement today in which he charged that democratic voters had been registered illegally and said he would contest the election of Mr. Rainey.

An overwhelming majority for the Mobile seaport improvement constitutional amendment is indicated.

Arkansas
LITTLE ROCK, Nov. 3.—Returns in the race for congress in the third Arkansas district have cut down the lead of John T. Tillman, democrat, while some sections, normally republican, have not reported. Incomplete figures from seven of 10 counties in the district have given Tillman 4,564 and Worthington, (r), 3,284.

California
LOS ANGELES, Nov. 3.—Representative Charles B. Randall of the ninth California district, who apparently has been defeated for re-election by C. F. Vandewater, republican, of Long Beach, was the only prohibitionist in congress.

Colorado
DENVER, Nov. 3.—Democratic state headquarters tonight conceded the election of S. D. Nicholson, republican, to the United States senate to succeed Chas. S. Thomas, democrat, with more than two thirds of the state reported. Nicholson has a lead of more than 32,000.

Florida
JACKSONVILLE, Fla., Nov. 3.—Florida's election returns are still incomplete. The entire democratic ticket, however, has been elected by the usual majority.

Georgia
ATLANTA, Ga., Nov. 3.—All democratic candidates, including the four congressmen who had opposition, won in Tuesday's election, according to figures compiled by the Atlanta Constitution which indicated, however, a republican vote larger than normal.

The vote generally was light throughout the state, the real interest lying in the September primary. Senator Harding carried nine counties in northern Georgia and John W. Martin, republican candidate for congress from the fifth district, carried Douglas county, one of the nine.

Idaho
BOISE, Idaho, Nov. 3.—James P. Pope, democratic state chairman in a statement to the Associated Press tonight conceded the election of the entire republican national state tickets in Idaho. Senator Nugent, a few minutes later conceded his own defeat.

Returns from 502 precincts out of 825 in Idaho gave: Harding 62,053, Cox 21,229.

For Senator: Gooding (r) 51,679; Nugent (d) 42,431.

For Governor: Davis (r) 49,664; Walters (d) 25,251; Fairchild, Farmer-Labor 16,923.

Kansas
KANSAS CITY, Nov. 3.—Eighteen hundred and ninety precincts of 2,526 in Kansas gave: Harding 270,686; Cox 144,192.

For senator: Curtis (r) 232,157; Hodges (d) 124,107.

For governor: Allen (r) 228,747; Davis (d) 148,537.

Louisiana
NEW ORLEANS, Nov. 3.—Complete unofficial returns from 155 of the 157 precincts in the city give: Cox 32,760; Harding 17,946. Harding carried thirteen precincts in the city. Returns from the country parishes are coming in slowly, but it is generally conceded today that Harding carried at least one dozen parishes in the sugar belt.

Mississippi
JACKSON, Miss., Nov. 3.—With a total of 125,000 votes cast in the state of Mississippi, so far as known every official elected was a democrat. Both the republican and socialist parties polled increased votes but neither of their electoral tickets received as much as 7,000 votes.

Of the constitutional amendments voted on the one to pension all Confederate veterans was almost unanimously carried while the fate of the others is uncertain.

Missouri
ST. LOUIS, Nov. 3.—Missouri tonight was safely republican by more than 100,000 on the principal national and state offices but in many of the minor local positions the race was fairly close, although the republican candidates generally were leading.

Nebraska
ST. LOUIS, Nov. 3.—Senator Selden P. Spencer was re-elected in yesterday's election by an estimated majority of 75,000 over his democratic opponent, Brockbridge Long, former third assistant secretary of state, Mr. Long conceding Senator Spencer the election when returns from all but 600 precincts in the state had given the republican a heavy lead.

Nebraska
OMAHA, Nov. 3.—Senator Harding's lead over Governor Cox in Nebraska took a big jump this evening when corrected totals came in from a number of counties.

With 1,367 precincts reported out of 1,877 in the state and only four counties missing completely from the returns, the republican candidate had 229,164 against 92,580 reported for Governor Cox.

New York
NEW YORK, Nov. 3.—Revised returns, tabulated at 8:15 o'clock tonight gave: Nathan L. Miller, republican, a majority of 56,381 over Governor Alfred E. Smith, democrat, in the state gubernatorial contest. The vote, with 203 districts missing: Miller 1,303,889; Smith 1,247,508. All the missing districts are in normally re-

publican communities up state.

North Carolina

RALEIGH, Nov. 3.—More complete returns in North Carolina indicate a majority for democratic national and state tickets of around 80,000, the biggest in the history of the party in the state. The democrats carried all ten congressional districts, it appears.

Oklahoma

OKLAHOMA CITY, Nov. 3.—Oklahoma swung safely into the republican column at midnight tonight on the face of complete but unofficial returns from approximately two thousand and of the 2,685 precincts in the state. It appeared at the time the state would split its congressional delegation probably even.

A tabulation of 1,974 precincts out of 2,685 for president gave a republican majority of 8,513, the vote being: Harding 172,313; Cox 163,800.

For United States senator 2,948 precincts gave a republican majority of 17,537, the figures being: Harrell 183,412; Ferris 165,875.

Oklahoma City, Nov. 3.—Representative Scott Farris, democratic candidate for United States senator, late tonight conceded the election to J. W. Harrell, republican.

Tennessee

ATHENS, Tenn., Nov. 3.—Harry T. Burns, republican member of the state assembly who cast the deciding vote for the ratification of the suffrage amendment by Tennessee, has been re-elected after a bitter contest, his majority being about 100.

Memphis, Nov. 3.—Incomplete returns compiled by the Commercial Appeal up to midnight from 89 counties in Tennessee, give Harding an approximate lead over Cox of 13,000, and Alf Taylor, republican candidate for governor, a lead of almost 40,000 over Governor A. H. Roberts, democrat.

AUTO RACES FOR THIS AFTERNOON

Speedsters Are To Be Seen Going At Fair Grounds On Dirt Track.

Everything is in readiness for the big program of speed to be held at the Fair Grounds Race Track, this afternoon, when ten of the world's greatest dirt track pilots face the fastest flag in an endeavor to copy the lion's share of the purses hung up by the Underwriters.

Larry D. Stone, "World's Dirt Track Champion" who is entered in three of the events on this afternoon's card, has been busily engaged during the week with his two mechanics in getting his car in shape for the grind, the Record-holding Duesenberg No. 8.

This has been an exceptionally busy week for all the drivers, entered in the Paris meet. Notwithstanding the fact they were enroute to Mobile, Ala. where they are entered in the big Armistice Day racing meet, held in conjunction with Mobile Fair and Exposition, the purses hung up by the Promoters was sufficient inducement for them to stop off in Paris, and with the time being so short they have hard at work going over their mounts. The entries include:

Larry D. Stone, Duesenberg No. 8. Jack Watters, Chevrolet No. 20. Eddie Buchanan, Chalmers No. 3. Ray Roundtree, Essex No. 4. Elmer Robinson, Buquet No. 28. Jerry Gray, Rajo-Ford No. 3. Don Lellwyn, Severin Spl. 34. Jerry Gray, Rajo-Ford No. 7. Jimmie Koste, Fiat No. 23.

With the above list of entries assured for the Paris meet, it is almost a certainty that plenty of thrills and excitement may be in store for the Followers of Automobile races, with such drivers as Stone, Koste and

and Roundtree entered, as these pilots will certainly give a good account of themselves.

As an added event to the speed program, the Promoters have secured the Original American and British Auto Polo Teams, which teams will appear in two period contests during the afternoon. Auto Polo is played with stripped Fords. Malletmen suspend themselves from a shaky running board to luff a big leather ball between the opponents goal posts. During drivers take the Fords into action just like riders of polo ponies in the horse game.

Originators of Auto Polo
Ralph Hankinson will appear personally to conduct the Polo contests and has also been secured to start the Auto races.

Gates open at 12 o'clock. Program begins promptly at 2:30.

AMERICAN LEGION MEETING TO BE HELD SUNDAY

At the meeting of Winfield Brown Post American Legion Tuesday night arrangements were made for a tag day Saturday, when girls from the Paris schools are expected to sell tags for the benefit of the American Legion tubercular sanatorium at Kerrville. Arrangements were completed for the observance of Armistice Day, and

J. M. Caviness, the commander of the post, was chosen marshal of the parade.

Prices of business are expected to close at 11 o'clock and everybody wherever he happens to be when the time arrives is requested to stop still for one minute. The committee also requests that bells be rung and whistles blown.

A district meeting of the American Legion, with a representative from each post in the First Congressional district will be held at the American Legion hall in Paris at 2 o'clock next Sunday afternoon for the purpose of effecting a district organization with the view to organizing more posts.

THE MIKADO AT THE GRAND TONIGHT

Favorite Comic Opera With Good
Cast And A Symphony
Orchestra.

Tonight at the Grand Ralph Dunbar will present "The Mikado" one of the most popular comic operas ever written. It is one of the Gilbert and Sullivan productions which will live for a great many years because it is good.

Dunbar selects his casts himself and he has a regard for the acting ability as well as the voices of his principals, and the support is always equal to the task imposed for that is carefully looked after.

Everywhere opera, grand, light and comic, is in vogue this year, there appearing to be a revival of the taste for music as music rather than as a mere vehicle for the display of pul-

chritude and of fatness in the form of comedians.

A Dunbar company is well balanced always and the libretto is consulted before the parts are given out so that there is never any danger of a tenor having the alto's version of what the author intended to say.

Manager Musselman has made an effort this season to select a varied lot of attractions and the Mikado was one of those which he chose as being, in all probability what the people of Paris would like to hear for it is as popular as "the flowers that bloom in the spring."

For Itching Eczema, Old Sores And Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema, to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on

a little boy suffering terribly with eczema. It did the work."

Then there is Alex. Lottel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. Blockebly, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 60 cents. Mail orders filled by Peterson Ointment Co., Buffalo, N. Y.

The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. PETTY DIDN'T SWELL HARDING'S MAJORITY MUCH

A. Collier of Petty, who was in the city yesterday, said that if all of the people had voted like they did at his place, Harding wouldn't have been elected president. He said that of the vote cast at Petty there were 119 democratic, 3 republicans (two of whom were negroes) and one know-nothing. By the designation of "know-nothing" he meant one voter who didn't know whom he favored for president and scratched all the electors.

W. P. HUPP, of Akron Ohio, who says he would not take one thousand dollars for the good Tanlac has done for him. Declares his health has been fully restored and that he has gained over 20 pounds.

"I would not take one thousand dollars for the good Tanlac did me," said W. P. Hupp, 839 Camden St., Akron, Ohio, for the past ten years a valued employee with the Firestone Tire and Rubber Co.

"I will always owe a great debt of gratitude to Tanlac," he said, "because it restored my health completely after everything else failed, and I have gained over twenty pounds. I can now eat better, sleep better and work better and I feel like a brand-new man."

"Before taking Tanlac I suffered night and day from indigestion and my stomach was terribly disordered. I was nervous and weak and could neither eat nor sleep to do any good. I seemed to be going down hill every day for six years. Finally, my condition became so rundown that I lost one or two days from work every week. But, now since my troubles have been overcome, I can hold my own with any man at the plant, and often after working hard all day, I put in overtime at night and feel none the worse from it. I just seem to be full of new life and energy."

"After seeing the good Tanlac did me, my wife began taking the medicine and now she says she feels better than she has in years."

"Tanalac certainly beats anything I ever saw in my life."

Tanalac is sold in Paris by Mayes Drug Store, in Blossom by J. D. Dickey & Son, in Roxton by City Drug Store, in Hawland by K. B. Burgess.

THE DEPARTMENT OF ADVERTISING

C. Of C. Members Have Taken
Up Their Work For
The Year.

After several months of inactivity the advertising department of the Chamber of Commerce began the regular weekly meetings, the first of which was held yesterday afternoon.

The meeting was quite an interesting one, and from the indications shown at yesterday's gathering, this very important adjunct to the C. C. will resume their labors full of pep and business. The membership has grown to something over eighty in numbers, and it was decided that to get the best results from these members that they should be divided into groups of ten or twelve, each group to elect captains and lieutenants who are to be responsible to the general chairman for their various groups or members.

After much discussion it was decided that in future there would be weekly luncheons, the first of which will be held Wednesday at 12:15. Various members present were appointed to see those not present and urge attendance at the initial luncheon the coming Wednesday, each man appointed to see three of the absentees. With this scheme at work a big attendance is expected next Wednesday.

Following these proceedings officers for the ensuing year were elected. Walter Monroe, the present chairman, being elected unanimously, while Ed Norment was elected vice-chairman and O. J. Connelly secretary.

The outlook for a successful year is promising. The department has an efficient corps of officers and a constantly increasing membership list, and they start out with the determination to do things for the coming year.

SPRIT OF SERVICE AT GRAND SUNDAY

Great Red Cross Film Is To Be
Shown in Paris Next Sun-
day Evening.

"The Spirit of Service," the great Red Cross film, has been secured for display in Paris next Sunday evening at the Grand Theatre. Manager Musselman cheerfully donating the use of the house for the occasion.

The hour has been fixed at 8:45 so that those who attend church Sunday evening may later come and see the film—a sermon on humanity within itself. It is a great picture and one which shows the work of the Red Cross through many lands.

It has been suggested that those who care to do so may wear the new Red Cross buttons—the 1921 issue. These may be had at the office of The Morning News. There will be no solicitation Sunday evening when the film is shown.

It is desired that just as many of the people of Paris as can do so come and see this great film.

It is very much in demand and Paris has been particularly fortunate in being able to secure it at this time.

BYNN YANN'S STORE INSPECTED BY CIVIC LEAGUE

Just prior to the opening of Bynn Yann's Grocery Store the premises were carefully inspected by Mrs. S. B. M. Long, president of the Paris Civic League, and Mrs. G. M. Price, also of the Civic League. After the opening, an inspection was made by Mrs. Charlie McDonald, secretary of the Civic League. These progressive ladies all pronounced themselves as being highly pleased with the clean and sanitary conditions, and the system in general, under which this modern store is conducted. The inspection resulted in a 100 per cent banner being awarded the store as a well merited recognition of this much needed and welcome Paris enterprise. As the store is owned entirely by Paris people, it follows that any one trading with it, will confer a benefit upon their own townpeople. The fact that Manson S. Wall and his son, Geo. C. Wall, are in charge of the store assures a continuation of the auspicious opening and of the general conditions commended by the Civic League.

Sunday Evening, 8:45
